

Summerland Varieties - Budwood Catalogue - 2025 Propagation Cycle

Propagating material is allocated on a first-come, first-served basis. High demand and newly released varieties are further allocated to provide authorized growers with equitable access. We recommend that you place your order as early as possible to maximize the probability of fulfillment.

Some varieties require a signed agreement between the grower and SVC prior to the release of propagating material to the grower.

Variety	Type	Restrictions	Royalty Per Tree
Ambrosia	Apple		
Aurora Golden Gala™ (8S6923 cv.)	Apple		
Battleford	Apple		
Belle de Boskoop (Red)	Apple		
Chinook	Apple		
Cortland Nova Red	Apple
